

ASTUTI KUMARI

 Astuti5 |  Portfolio |  astuti-kumari |  astutikumari2.0@gmail.com |  +91 9216494744

SUMMARY

Cybersecurity student with hands-on experience in penetration testing, vulnerability assessment, network monitoring, SIEM fundamentals, and incident response. Completed 70+ practical labs across TryHackMe, PortSwigger Web Security Academy, and Forage virtual experience programs (Mastercard, Tata, Deloitte, AIG, Commonwealth Bank, Datacom). Trained 15+ students in offensive and defensive security concepts. Passionate about SOC operations, ethical hacking, threat detection, and application security.

TECHNICAL SKILLS

Security Tools	Nmap, Wireshark, Burp Suite, Metasploit, Nessus, Nikto, Dirb, Scapy, Kali Linux, OWASP ZAP
Security Skills	Penetration Testing, Vulnerability Assessment, Web Application Security (OWASP Top 10), SIEM Fundamentals, Network Traffic Analysis, Incident Response, Threat Analysis & Detection, OSINT & Reconnaissance, Linux Administration, Access Control Testing
Web Security	SQL Injection, XSS, SSRF, XXE, Command Injection, Path Traversal, Authentication Bypass, File Upload Vulnerabilities, Business Logic Flaws, Insecure Deserialization
Networking	TCP/IP, DNS, HTTP/HTTPS, Subnetting, Packet Analysis, Wireshark
Programming	Python (Scapy, socket programming), Java, C, C++, Bash
Platforms	TryHackMe, PortSwigger Web Security Academy, HackTheBox, PicoCTF, Bandit Labs, DVWA

PROFESSIONAL EXPERIENCE

Cybersecurity Trainer	Technoryx Society — 2025 – Present
– Trained 10+ students in Networking, Linux, OSINT, Web Security, and CTF fundamentals. – Assisted students with the setup and troubleshooting of Kali Linux, Burp Suite, and cybersecurity lab environments. – Guided learners through networking fundamentals and core cybersecurity concepts using hands-on exercises.	
Media & Outreach Lead	Technoryx Society — 2025 – Present
– Led a 16-member media and outreach team, managing content and promotional campaigns for a student technology society. – Coordinated branding and social media initiatives to support events and community engagement.	
Volunteer	Karuna Society — 2024 – Present
– Contributed to community initiatives by coordinating events, supporting team operations, and assisting with activities and events.	

PROJECTS

Network Packet Sniffer (Python / Scapy)	
Built a real-time packet capture and inspection tool using Scapy to dissect TCP/IP, DNS, and HTTP traffic. Demonstrated protocol-layer analysis and network forensics relevant to SOC monitoring and threat detection workflows.	
Python Keylogger (Tkinter)	
Developed a controlled-environment keylogger for cybersecurity awareness training, with event logging, secure local storage, and a GUI dashboard — illustrating endpoint monitoring and adversarial technique awareness (MITRE ATT&CK: Credential Access).	

CERTIFICATIONS & PRACTICAL TRAINING

IIT Delhi – World Technocon	Ethical Hacking & Cyber Security Certificate (2024)
PortSwigger Web Security Academy	Server-side Vulnerabilities Learning Path (<i>In Progress</i>) – labs covering SQLi, authentication flaws, access control, command injection, path traversal, SSRF, XXE, SSTI, insecure deserialization, business logic flaws
TryHackMe	70+ hands-on labs: Networking, DNS, HTTP, Linux, OSINT, Google Dorking, Cryptography, Defensive & Offensive Security, DVWA, Pickle Rick CTF, Cloud Fundamentals; Learning paths: SOC Level 1, Jr Penetration Tester, Web Fundamentals (<i>In Progress</i>)
Forage Virtual Programs	Mastercard Cybersecurity (phishing, cyber risk); Tata Cybersecurity Analyst (IAM, vulnerability assessment, incident investigation); Deloitte Cyber (SOC workflows, cyber investigations); Commonwealth Bank Introduction to Cybersecurity; AIG Shields Up (threat detection); Datacom Cyber Security Operations (SOC monitoring)
Aspire For Her	ShE-Sparks Workshop – Myntra Partnership

EDUCATION

2023 – 2027	B.Tech in Computer Science & Engineering, Mody University	(CGPA: 6.38)
2021	Class 12	72%
2019	Class 10	84%
